

The Hazard Warning Panel

Emergency Action Codes (EAC)

The EAC provides information on:

- the fire extinguishing media to be used
- the level of PPE required
- whether the spillage should be contained or may be diluted
- whether there is a possibility of violent reaction
- whether the substance poses a Public Safety Hazard

1 Coarse Spray 2 Fine Spray 3 Foam 4 Dry Agent

P	V	LTS	Dilute Spillage
R			
S	V	BA & Fire Kit	
T			
W	V	LTS	Contain Spillage
X			
Y	V	BA & Fire Kit	
Z			

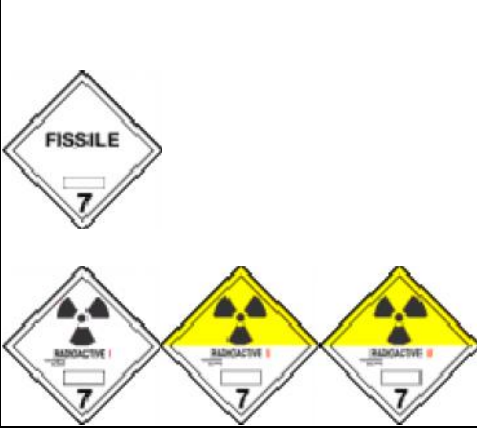

V	Can be violently or even explosively reactive.
LTS	Liquid tight chemical protective clothing used in combination with BA. (Breathing Apparatus)
DILUTE	Spillages may be washed to drains with large quantities of water. However due care must be taken to avoid unnecessary pollution of watercourses. For further information contact the Environment Agency or Scottish Environmental Protection Agency.
CONTAIN	Prevent the spillage from entering drains and watercourses using any means available.
DRY AGENT	Water MUST NOT be allowed to come into contact with the substance.
E	People should be warned to stay indoors with all doors and windows closed but evacuation may need to be considered. Consult Control, Police and product expert.

Hazard Warning Diamonds

Class 1 Explosive substance or article	   
Class 2 Gases	  
Class 3 Flammable liquids	
Class 4.1 Flammable solids, self-reactive and desensitised explosive	
Class 4.2 Substances liable to spontaneously combust	
Class 4.3 Substances which, in contact with water emit flammable gases	
Class 5.1 Oxidizing substances	

Class 5.2 Oxidizing peroxides	
Class 6.1 Toxic substances	
Class 6.2 Infectious substances	
Class 7 Radioactive material	
Class 8 Corrosive substances	
Elevated Temperature Substances	

<p>Class 9 Miscellaneous dangerous substances and articles</p>	 A diamond-shaped hazard label for Class 9. The top half of the diamond is filled with vertical black and white stripes. The bottom half is white with a black border and the number '9' in the center.
<p>Environmentally hazardous / Marine Pollutant</p>	 Two diamond-shaped hazard labels. The left diamond shows a black silhouette of a dead tree and a dead fish. The right diamond shows a black silhouette of a fish with a large 'X' over it, and the text 'MARINE POLLUTANT' below it.
