#### INSTALLATION INSTRUCTIONS

1. Center cover over device to be protected.
2. Place a mark near the location of the cam latch.
3. Install cam latch and latch spacer if gasket is used.
4. Turn key or thumb lock to locked position (cam is facing downward. See View A).
5. Place cover over device making sure cam is fully engaged under cam latch (see View A).
6. Force cover against wall and mark mounting holes.
7. Remove cover and drill 3/16 in. (4.7mm) diameter holes.
8. Install gasket and cover assembly with screws provided. The use of provided anchors is optional.

#### CLEANING INSTRUCTIONS

Rinse cover with water to remove abrasive dust and dirt. Wash with soap or mild detergent, using a soft cloth (do not scrub). Rinse once more, then dry with a soft cloth or chamois. To remove grease or wet paint, rub gently with a cloth wetted thoroughly with naphtha. Then wash and rinse. **DO NOT USE ABRASIVE BLADES**
