

SSP Locking Poster Cabinets

Ideal for outdoor displays, these strong aluminium frames include a tough plastic front and a waterproof seal to protect any printed media inside. The media is attached with poster clips, and sits against the hardy correx back panel. The finish is anodised silver, which makes the cover weather resistant.

- 45mm Frame
- 2mm Strong Plastic Glazing
- 5mm Correx Poster Panel
- Water-resistant Seal
- Suitable for External Use
- 34mm External Depth
- Landscape or Portrait
