

SENTINEL® SCREWS

Sentinel® DESIGN RIGHTS APPLY

The original Nettlefolds one-way pozidrive security system. This drive system only operates in a clockwise motion using a standard pozidrive tool. Anti-clockwise motion is prohibited due to the rounded shape of the drive recess. This recess is ideal for easy and fast application with power tools.

No specialist tools required, use standard pozi or Superdrive bits or drivers

Manufactured in bright zinc plated (CR-3) hardened steel woodscrews and machine screws.

DID YOU KNOW . . .

- This is the most popular permanent security screw
- This pozidrive system is easier and more effective to use than the slotted Clutch Head drive system
- Mr B of Liverpool secured his second thatched roof bird box to his tree using Sentinel® Woodscrews as he had his first one stolen

SENTINEL® MADE TO MEASURE SPECIALS
(Subject to minimum order quantities)

- Can be manufactured from most materials
- Can be plated to your requirements
- Barrel Nuts
- Thread Forming Screws
